# BistroScript

Definition

BistroScript is a calligraphic font, drawing from the sentiment of promotional art from the sixties. It has the temperament of brush paintings painted with thin paint, as could be seen decorating most shop windows in Czechoslovakia at the time. Although it is in all respects a modern digital font, it still maintains a familiar character of well-practiced hand calligraphy.

Basic info

Number of fonts in a family: 1
Number of glyphs per font: 521
Release date: 2007
