# Monopol

Definition

The type family consists of six well-distinguished weights, from fine hair lines to lines black as the deepest night which, in accordance with current trends, is darkened to the very limit of technical possibilities and legibility, with the counters reduced to mere hair lines. All italics have the same proportions as their corresponding regular styles, emphasising the block-like appearance of the set text.

Basic info

Number of fonts in a family: 12 (Thin, Thin Italic, Light, Light Italic, Medium, Medium Italic, Semibold, Semibold Italic, Bold, Bold Italic, Black, Black Italic)
Number of glyphs per font: 481
