

Pacifista

Definition

Pacifista takes advantage of the well-tested structure of our constructed typefaces, the directness and simplicity of which are by far the best suited to stencils. Straight lines, regular arcs and purity of drawing facilitate maintaining the maximum possible legibility even in typeface that is practically devoid of any joining of strokes.

Basic info

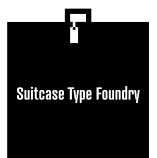

Number of fonts in a family: 10 (Thin, Thin Italic, Light, Light Italic, Medium, Medium Italic, Semibold, Semibold Italic, Bold, Bold Italic)
